“IT’S FIRE PREVENTION WEEK!™
This year I’m teaching everyone about the importance of planning and practicing your home fire escape plan. But I can’t do it alone, I need your help. Work with your family and complete the fire escape checklist.”

Fire Escape Checklist

☐ Do you have working smoke alarms in your home?
☐ Is there a smoke alarm in every sleeping room and outside each sleeping area?
☐ Is there a smoke alarm on each level of the home, including the basement?
☐ Do you test your smoke alarms at least once a month? (Have a grown-up push the test button to check if the batteries work.)
☐ Do you know the sound of your smoke alarms?
☐ How old are your smoke alarms? (If they’re more than 10 years old, you need new ones.)
☐ Does your family have a home fire escape plan?
☐ Do you know two ways out of each room in your home?
☐ Do you know what to do when you hear your smoke alarm? (Get out and stay out.)
☐ Are all the exits in your home clear of trash and toys?
☐ Has your family picked a meeting place outside the home where everyone can go when they’ve escaped a fire?
☐ Does everyone at home know how to call the fire department once they are outside?
☐ Do you and all family members practice your escape plan at least twice a year?
